Re: Save the Date Magnets

Hi Dan & Terry,

First let me apologize for taking so long to write to you. Its crazy around here as you should know. Quincy and I just finished our save the date mailing and everyone loved the idea of the magnet piece. Now, I am definitely on everyone's mind whenever they grab a bite to eat.

Thank you so much for all your help and your expert advise. You guys were wonderful to work with and very patient! I am not sure if I'll have another big event that will need a magnet, but I'll pass the word on...you guys were truly wonderful to work with.

Good luck with your future endeavors and stay safe

Many Thanks,

  
Sherley Thibaud
